- ❖ **Bait for bear may be placed from April 15 through the end of bear hunting season.**
- ❖ **Bait must be enclosed to prevent access to the bait material by deer.**

## Regulations:

1. Bait or feed may be placed and used for the purpose of hunting bear or training bear dogs **statewide**, except that **no person may** place, use or hunt over bait or feed placed for bears:

  - In excess of **10 gallons** of bait or feed at any feeding site.
  - That is **not** totally enclosed in a hollow log, a hole in the ground or stump which is capped with logs, rocks or other naturally occurring and unprocessed substances which **prevents deer from accessing the material**. Liquid scent used for hunting of bear or training bear dogs does not need to be enclosed, but is part of the 10 gallon limit.
  - Unless, when the bait or feeding site is checked or re-baited, all bait that has been uncovered is again enclosed and made **inaccessible to deer**.
2. Additionally, **no person may** place, use or hunt over bait or feed that:
  - Contains or is contained within, metal, paper, plastic, glass, wood or other similar processed materials. This does not apply to bait or feed placed in hollow logs or stumps or to scent materials.
  - Contains any animal part or animal by-product.
  - Is located within 50 yards of any trail, road or campsite used by the public, or within 100 yards from a roadway having a posted speed limit of 45 miles per hour or more.

3. **No person may** hunt over bait or feed material placed for bear without possessing a valid unused class A bear license and carcass tag.
4. Finally, **no person may** hunt or train dogs over bait or a feeding site that is in violation of these regulations, unless the area is completely free of bait or feed material for at least 10 consecutive days prior to hunting, pursuing animals or dog training.
